ROSE

financial prosperity

THE GLOBAL FINANCIAL SYSTEM IS BROKEN.

It is unstable, unfair and it is destroying our planet.

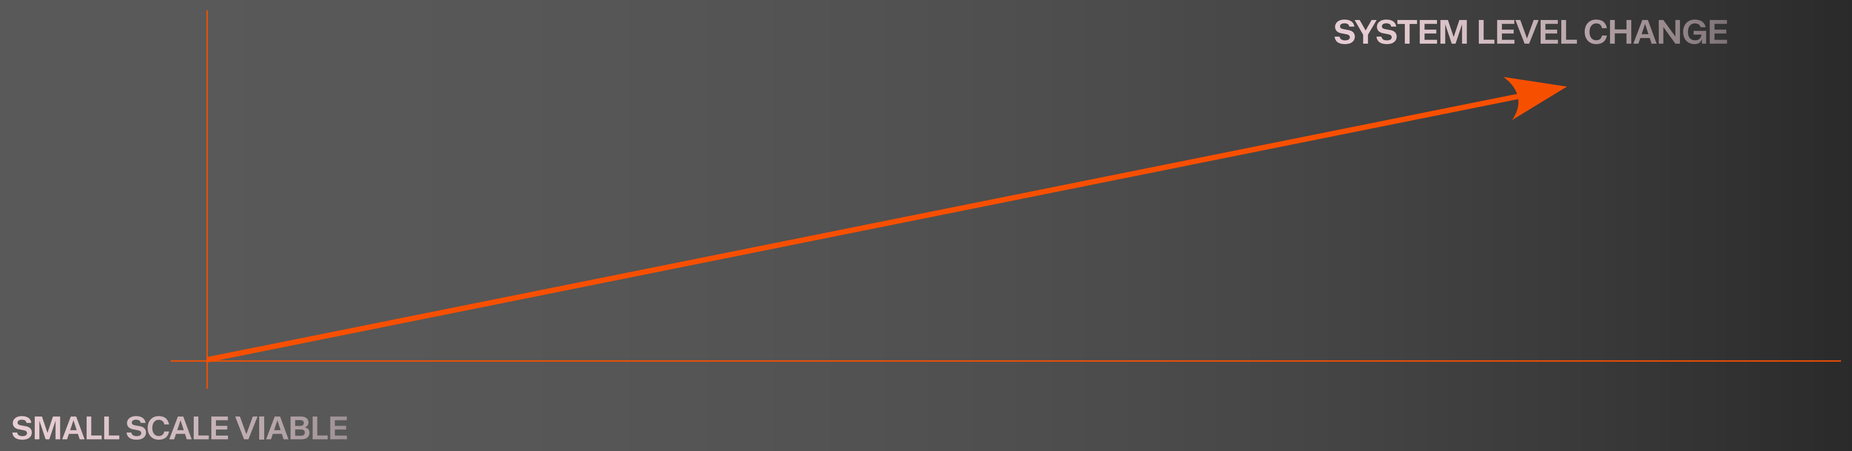
CHANGEMAKERS ALL OVER THE WORLD ARE TRYING TO FIX IT.

OUT OF THEM, WE GATHERED HUNDREDS OF YEARS OF COMBINED EXPERIENCE -

to create fundamentally disruptive financial infrastructure:

A SUPERIOR SETTLEMENT ENGINE

Scaling into the system-level change the world needs.



IT IS ADRESSING AN ESSENTIAL FLAW OF THE SYSTEM

Interest is settled once per day.
This creates daily inefficiencies amounting to $1,000,000,000,000+.

THE ROSE FINANCIAL ENGINE (RFE)

A deployable intraday settlement layer
enabling granular borrowing & lending and real-time interest accrual.

WORKS FROM DAY ONE

Starts as a contained market engine → generates track record → scales

→ learn more about how it works here.

NIKLAUS METTLER
IT INTERFACES

BUILT TO CHANGE THE WORLD

ROSE captures efficiency from real-time settlement — and redirects it into the commons.

Engine generates surplus
from timing granularity + intraday settlement + efficient trading

Surplus is governed & allocated
transparent treasury + surplus supports commons

Funds flow into real projects
regenerative infrastructure, local communities, sustainable assets

ROOTED IN FAIR AND CONSCIOUS GOVERNANCE

ROSE is grounded in a holistic governance system — built for the wellbeing of all stakeholders, not private extraction.

Guided by seasoned stewards & elders
proven in finance, law, impact, and governance

Purpose before profit
governance is designed to keep decisions aligned with the mission

A trans-organisational Wisdom Circle
connecting every legal vehicle we use
